PROFILE SUMMARY

Enthusiastic Computer Science and Engineering student specializing in AI with strong skills in Python, SQL, HTML, and CSS. Developed an Image Encryption and Decryption application, showcasing expertise in Python and secure algorithms. Certified in Python, SQL, and Computer Networks, with strong problem-solving and adaptability skills.

EDUCATION

BTECH

- | | |
|--|------------------------|
| • Parul institute of engineering and technology, Vadodara, Gujarat
(Computer Science and Engineering -AI) | 2022-2026
6.71 CGPA |
| • BOARD OF INTERMEDIATE
Tirumala Junior College, Rajahmundry, East Godavari, Andhra Pradesh
(MPC) | 2020- 2022
64.5% |
| • BOARD OF SECONDARY EDUCATION
Holy Angels English Medium High School, Kovvur, Andhra Pradesh | 2019-2020
75.5% |

TECHNICAL SKILLS

Python, SQL, Database, HTML, CSS

PROJECTS

Image encryption and Decryption using GUI Interface and Python programming. [\[Github\]](#)

I developed a user-friendly image encryption and decryption application, overseeing the entire process from concept to implementation. This project demonstrates my proficiency in selecting and implementing state-of-the-art encryption algorithms while ensuring ease of use for non-technical users. The application prioritizes image security, offering a secure decryption feature for authorized access.

CERTIFICATIONS AND ACHIEVEMENTS

- Certification in Computer Networks from NPTEL.
- Course Completion Certificate in DATABASE and SQL From Infosys
- Course Completion Certificate in Python From GeeksforGeeks

SOFT SKILLS

Problem-solving, Time management, optimism, Interpersonal communication, Active listening, Creativity, flexibility, Patience, Adaptability, and Leadership.

LANGUAGES

English, Telugu, Hindi

DECLARATION

I hereby declare that the details and information given above are true to the best of my knowledge.
